Update on 2004 Annual Fund
Mr. Boschulte reported that the $700,000 annual fund campaign target has been exceeded. As of June 11, 2004, contributions totaled $1,086,400. UVI has received $668,000 in cash and the Foundation has received $145,000 in cash. Of the $668,000 transmitted to the Business Office, $108,000 is classified as unrestricted and $559,000 is classified as restricted funds.

Several inquiries have surfaced regarding the possible sale of UVI-own properties. The Chair requested that the President develop a first proposal on how to deal with gifts of property and to present the best options at next Development Committee Meeting.
Institutional Advancement Strategic Plan

Mr. Boschulte presented an updated Institutional Advancement Strategic Plan for 2004-2006 based on input from Committee members. The main elements are:

- **Vision**—to be recognized as a catalyst for maximizing private sector resources for UVI to allow UVI to contribute to the betterment of individuals and the socio-economic status of the Territory.
- **Thrusts**: strengthen operational effectiveness of institutional advancement; develop an internal and external advancement culture that supports the strategic direction of the University; and increase level of external funds raised to support educational and operational initiatives (annual fund, foundation for UVI and Capital Campaign)
- **Short term goals**—focus on annual fund and preparation of 2006 launch of capital campaign ($1M)
- **Intermediate**—focus on cultivation of alumni, major gift donors and prospects for long-term sustainability of the annual fund and support of the capital campaign.
- **Long term**—focus on raising 60% of capital campaign by 2006.

The Chair requested that the Capital Campaign Committee begin to grapple with targets for the capital campaign ($10-$12m). It was determined that the President's wish list needed to be considered and included in the pool if targets are to be realistic.

After a lengthy discussion regarding the targets for the annual campaign, the chairman entertained a motion for approval. Dr. Ragster moved that the Institutional Advancement Strategic Plan Annual Fund targets based on a 3:1 ratio in the third year be approved. The motion was seconded by Juanita Woods. The motion was unanimously carried. The Strategic Plan document will be forwarded to the full Board.

Adjournment

On a Motion to Adjourn by Dr. Heath and seconded by Dr. Ragster, the Development Committee meeting adjourned at 3:40 p.m.
