These programs are designed to provide the skills necessary to acquire professional caliber positions in many in-demand occupations. Courses are web-based so you can learn at your own pace and instructors are actively involved in your learning experience. Programs are open-enrollment (start anytime) and run anywhere from 6-12 months. Each program includes everything you need to succeed (books, lessons, quizzes, and assignments)! Grades are a combination of computer-graded tests and the instructor’s evaluation of your work.
