The Buccaneer Summer Camp Program

University of the Virgin Islands

University Annual Multi-Sport Skills Summer Clinic (MSC) 2009

Home of the Buccaneers
Mission:
The mission of the Annual Multi-Sport Skill Summer Clinic Program is two-fold; Community Engagement & Fundraising.

Goal:
The goal of the Annual Multi-Sport Skill Summer Clinic (MSC) is to create an environment conducive to learning, sportsmanship and teamwork for Virgin Islands youth. The program will promote an increased skill level among young USVI athletes thus aide in increasing opportunities for College Scholarships. It is also the intended to serve as a means to raise funds for the UVI Student Athlete Scholarship Program.

Target Audience:
The target audience is the Virgin Islands youth ages 9-18.

Operational Processes
- The MCS will be comprised of three sports over a period of six weeks – two weeks per sport.
- Sports will be comprised of basketball, volleyball, and soccer in successive order.
- Each camp segment will be headed by an individual to be named who is deemed to have excellent coaching and teaching skills. Best candidates will be currently affiliated with a Professional or Colligate organization as Head Coach, Assistant Coach, or Skills Trainer of some sort.
- A comprehensive evaluation will be issued by the coach to each athlete at the end of each sporting segment detailing strengths and weaknesses observed during camp activities.
- Clinic will begin on Monday June 22, 2009 and extend until July 31, 2009 excluding the observance of July 3rd, 2009.

Cost of Attendance
- Camp Registration One Section $ 200.00
- Camp Registration Two Sections $ 375.00
- Camp Registration Three Sections $ 550.00
Clinic Execution

Daily Operations
- Clinic daily time will begin at 8:30 am and end at 4:30 pm.
- Clinic Administrator will initiate daily operation with morning staff and attendee role call.
- Attendance is performed at the beginning and end of lunch sessions and educational sessions.
- Each clinic attendee will participate for 8 total hours with daily schedule including 2 hrs educational contact (8:30 -10:30), 5 hrs skill instruction (10:30 – 12:30 & 1:30 – 4:30), and 1 hr lunch (12:30-1:30).
- *After care available if pre-arranged until 6:00 pm at the rate of $25.00 per week

Skill Component
- Specifics to be determined by individual coaches but will be centered on basic skills, team work, discipline and overall game strategies.
- Sessions will be conducted in small group settings with high levels of supervision to facilitate learning over the period 4.5 hrs.

Education Component
- This section will be conducted by University/High School Instructors within their field of study (Math/Science)
- Explore the world of science and math and it impacts sports
  - Data Collection and Compilation (Free Throw percentages, ERA)
  - Facility / Equipment Selection (Wood Floor vs Concrete, Artificial Turf vs Grass,)
- Sessions will be conducted in small group settings with high levels of supervision to facilitate learning over the period 1.5 hrs.

Assessment
- Comprehensive assessments will be performed on every clinic attendee that will evaluate student-athletes specific sporting skills, teamwork, discipline, and understanding of overall game strategies.
