The Student Affairs Staff

MEET SOME OF OUR STUDENTS AND STAFF

"Students are the principal stakeholders of this fine institution."

Miriam V. Osborne Elliott
Associate Campus Administrator
Student Affairs- St. Croix Campus

Be A Winner

The Winner is always part of the answer,
The Loser is always part of the problem.

The Winner always has a program,
The Loser always has an excuse.

The Winner says "Let me do it for you,"
The Loser says "That's not my job."

The Winner sees an answer for every problem,
The Loser sees a problem for every answer.

The Winner sees a green near every sand trap,
The Loser sees two or three sand traps near every green.

The Winner says "It may be difficult but it's possible,"
The Loser says "It may be possible but it's too difficult."

Comments from UVI Thurgood Marshall Scholars:

“This event offered a unique opportunity for myself and about 600 other students to experience professional development with many of the nation’s top executives. Through the sessions held, I was blessed with the opportunity to learn about career and financial management, leadership training, life skills, and development.”

-Sherma Albert-Ferdinand

“The conference went over and beyond my expectations. Topics such as resume writing and interviewing skills tackled during the workshops were very interactive and equipped hands on training. Moreover, it was an incredible opportunity to network with business professionals as well as other students at the conference.”

-NECOLA CHARLES

“The Thurgood Marshall College Fund leadership institute and Career Fair enhances the expertise students are learning at their respective HBCUs around the mainland and the U.S. Virgin Islands. It is intended to make students aware of the job and educational opportunities available around the USA, and to encourage and develop positive behaviors such as financial stability and leadership skills.”

-Mandisa Williams

“It is not a mere conference to attend, or a free trip, it is a life changing experience that must be obtained...I will reflect on a quote by John Quincy Adams that says “If your actions inspire others to dream more, learn more, do more and become more, you are a leader...do more, learn more, and become more because these are the necessary tools needed to become a great leader!”

-Miguelina Valdes

“In addition to all the development workshops and career fair, we had multiple inspirational and motivational plenary and keynote speakers. After each speaker, I became more inspired to obtain an education, own a business, and begin to give back to society and help others. It was one of the most moving conferences I have ever attended. I wish all of my fellow UVI students could attend this conference.”

-Indira Turney
