

## **Declaration and International Student Certification of Finances**

**Please read Guidelines prior to completing this form.**

**The Purpose of the Certification of Finances is to help colleges and universities to obtain complete and accurate information about the funds available to international applicants who want to study in the United States. Strict government regulations, rising educational costs and economic conditions have made verification of financial resources of international applicants essential. Institutions do not have the option of deciding whether or not they verify financial resources of their international applicants; financial verification must be made prior to institutional issuance of Certificates of Eligibility (Form I-20 or DS-2019).**

**This form is designed to standardize financial information proved by applicants to colleges, universities, and United State consuls. By completing and returning this form to the college/University requiring it, an applicant, if admitted, may obtain that college's authorization and issuance of a Certificate of Eligibility (Form I-20). United States embassies/consuls scrutinize the statements of financial resources given by nonimmigrant visa applications. This Certification will help such officials make their decisions and expedite visa issuance.**

**Return this form directly to the Designated School Official that provided or requested it. Do not send it to the College Scholarship Service or International Education at the College Board.**

**For information about estimated annual tuition and fee expenses, please view this data available at the University's Website at [www.uvi.edu](http://www.uvi.edu). Following receipt of your completed Certificate of Finance form and official letters from your bank or lending institution, we will assess your file to affirm your eligibility to receive the I-20 form. This Certificate of Finance form must be completed before the University of the Virgin Islands can issue a visa eligibility document. The amount of money you certify as being available to finance your studies at the University of the Virgin Islands must equal tuition fees plus living expenses for the nine month academic year, and summer academic and living expenses.**
