

## NSSE 2015 Snapshot

#### **University of the Virgin Islands**

#### A Summary of Student Engagement Results

Student engagement represents two critical features of collegiate quality. The first is the amount of time and effort students put into their studies and other educationally purposeful activities. The second is how institutional resources, courses, and other learning opportunities facilitate student participation in activities that matter to student learning. NSSE surveys first-year and senior students to assess their levels of engagement and related information about their experience at your institution.

#### **Comparison Group**

The comparison group featured in this report is

#### **Inst. Peers Plus**

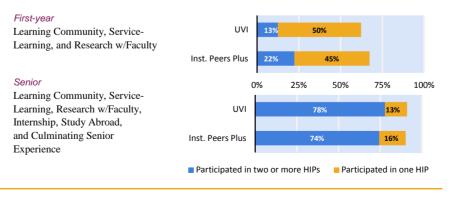

See your Selected Comparison Groups report for details.

This *Snapshot* is a concise collection of key findings from your institution's NSSE 2015 administration. We hope this information stimulates discussions about the undergraduate experience. Additional details about these and other results appear in the reports referenced throughout.

Engagement Indicators	Your students compared with			
Sets of items are grouped into ten			Inst. Peers Plus	
Engagement Indicators, organized	Theme	Engagement Indicator	First-year	Senior
under four broad themes. At right are summary results for your		Higher-Order Learning		
nstitution. For details, see your Engagement Indicators report.	Academic	Reflective & Integrative Learning		
	Challenge	Learning Strategies		
Key:		Quantitative Reasoning		
Your students' average was significantly higher (p < .05) with an effect size at least .3 in magnitude.	Learning	Collaborative Learning		
<b>Your students' average</b> was significantly higher ( $p < .05$ ) with an effect size less than .3 in magnitude.	with Peers	Discussions with Diverse Others		
No significant difference.	Experiences	Student-Faculty Interaction		
<b>Your students' average</b> was significantly $\nabla$ lower ( $p < .05$ ) with an effect size less than .3 in magnitude.	with Faculty	Effective Teaching Practices		
<b>Your students' average</b> was significantly lower $(p < .05)$ with an effect size at least	Campus	Quality of Interactions		
• lower $(p < .03)$ with an effect size at least .3 in magnitude.	Environment	Supportive Environment		

#### **High-Impact Practices**

Due to their positive associations with student learning and retention, special undergraduate opportunities are designated "highimpact." For more details and statistical comparisons, see your *High-Impact Practices* report.

### **Academic Challenge: Additional Results**

The Academic Challenge theme contains four Engagement Indicators as well as several important individual items. The results presented here provide an overview of these individual items. For more information about the Academic Challenge theme, see your *Engagement Indicators* report. To further explore individual item results, see your *Frequencies and Statistical Comparisons*, the *Major Field Report*, the *Online Institutional Report*, or the Report Builder—Institution Version.

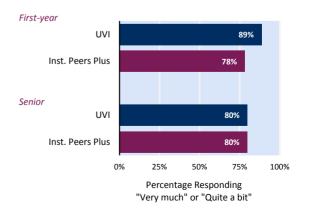

#### **Challenging Students to Do Their Best Work**

To what extent did students' courses challenge them to do their best work? Response options ranged from 1 = "Not at all" to 7 = "Very much."

#### **Academic Emphasis**

How much did students say their institution emphasizes spending significant time studying and on academic work? Response options included "Very much," "Quite a bit," "Some," and "Very little."

## **Item Comparisons**

By examining individual NSSE questions, you can better understand what contributes to your institution's performance on

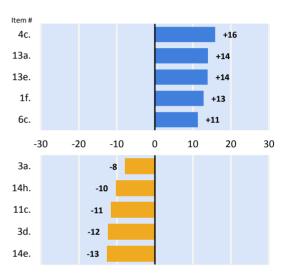

Engagement Indicators and High-Impact Practices. This section displays the five questions<sup>a</sup> on which your first-year and senior students scored the highest and the five questions on which they scored the lowest, relative to students in your comparison group. Parenthetical notes indicate whether an item belongs to a specific Engagement Indicator or is a High-Impact Practice. While these questions represent the largest differences (in percentage points), they may not be the most important to your institutional mission or current program or policy goals. For additional results, see your *Frequencies and Statistical Comparisons* report.

#### **First-year**

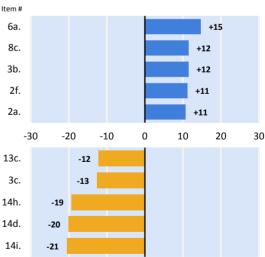

#### **Highest Performing Relative to Inst. Peers Plus**

Analyzing an idea, experience, or line of reasoning in depth by examining its parts<sup>c</sup> (HO) Quality of interactions with students<sup>d</sup> (QI) Quality of interactions with other administrative staff and offices (...)<sup>d</sup> (QI) Explained course material to one or more students<sup>b</sup> (CL) Evaluated what others have concluded from numerical information<sup>b</sup> (QR) **Lowest Performing Relative to Inst. Peers Plus** 

Talked about career plans with a faculty member<sup>b</sup> (SF) Institution emphasis on attending campus activities and events (...)<sup>c</sup> (SE) Participated in a learning community or some other formal program where... (HIP) Discussed your academic performance with a faculty member<sup>b</sup> (SF) Institution emphasis on providing opportunities to be involved socially<sup>c</sup> (SE)

Percentage Point Difference with Inst. Peers Plus

Percentage Point Difference with Inst. Peers Plus

#### Senior

#### **Highest Performing Relative to Inst. Peers Plus**

Reached conclusions based on your own analysis of numerical information $()^{b}$ (QR)
Discussions with People with religious beliefs other than your $own^b$ (DD)
Worked with a faculty member on activities other than coursework $\left( ight)^{b}$ (SF)
Learned something that changed the way you understand an issue or $\operatorname{concept}^{\mathrm{b}}(\mathrm{RI})$
Combined ideas from different courses when completing assignments <sup>b</sup> (RI)

#### Lowest Performing Relative to Inst. Peers Plus

Quality of interactions with faculty<sup>d</sup> (QI)

Discussed course topics, ideas, or concepts with a faculty member outside of $class^b$ (SF)	
Institution emphasis on attending campus activities and events () <sup>c</sup> (SE)	14
Institution emphasis on encouraging contact among students from different backgrounds <sup>c</sup> (SE)	14
Institution emphasis on attending events that address important social/econ./polit. issues <sup>c</sup> (SE)	1

a. The displays on this page draw from the items that make up the ten Engagement Indicators (EIs), six High-Impact Practices (HIPs), and the additional academic challenge items reported on page 2. Key to abbreviations for EI items: HO = Higher-Order Learning, RI = Reflective & Integrative Learning, LS = Learning Strategies, QR = Quantitative Reasoning, CL = Collaborative Learning, DD = Discussions with Diverse Others, SF = Student-Faculty Interaction, ET = Effective Teaching Practices, QI = Quality of Interactions, SE = Supportive Environment. HIP items are also indicated. Item numbering corresponds to the survey facsimile included in your *Institutional Report* and available on the NSSE website.

c. Combination of students responding "Very much" or "Quite a bit."

- e. Percentage reporting at least "Some."
- f. Estimate based on the reported amount of course preparation time spent on assigned reading.
- g. Estimate based on number of assigned writing tasks of various lengths.

b. Combination of students responding "Very often" or "Often."

d. Rated at least 6 on a 7-point scale.

## **University of the Virgin Islands**

## **How Students Assess Their Experience**

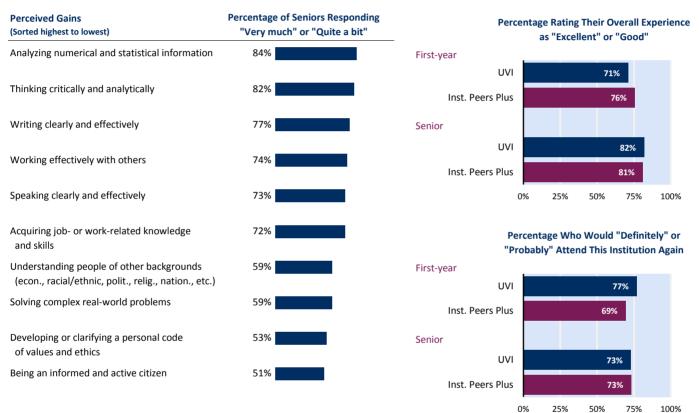

Students' perceptions of their cognitive and affective development, as well as their overall satisfaction with the institution, provide useful evidence of their educational experiences. For more details, see your *Frequencies and Statistical Comparisons* 

#### **Perceived Gains Among Seniors**

Students reported how much their experience at your institution contributed to their knowledge, skills, and personal development in ten areas.

#### Satisfaction with UVI

Students rated their overall experience at the institution, and whether or not they would choose it again.

## **Administration Details**

#### **Response Summary**

	Count	Resp. rate	Female	Full-time
First-year	71	17%	73%	83%
Senior	51	18%	75%	65%

See your Administration Summary and Respondent Profile reports for more information.

## What is NSSE?

#### **Additional Questions**

Your institution did not choose to administer additional questions. In future administrations, you may customize NSSE by participating in a topical module or a consortium. See our website for more information. nsse.indiana.edu

NSSE annually collects information at hundreds of four-year colleges and universities about student participation in activities and programs that promote their learning and personal development. The results provide an estimate of how undergraduates spend their time and what they gain from attending their college or university. Institutions use their data to identify aspects of the undergraduate experience that can be improved through changes in policy and practice.

NSSE has been in operation since 2000 and has been used at more than 1,500 colleges and universities in the US and Canada. More than 90% of participating institutions administer the survey on a periodic basis.
